Experience

Freelance Web Developer - S & S Legal Partners and Associates

- Developed a law firm website with the team members.
- This website mainly focuses on to provide commercially viable legal advice and career opportunities to the clients across all sectors.

Skills

- C | C++ | HTML | CSS | JAVASCRIPT | JAVA | GITHUB | MySQL

Projects

- **CHROME EXTENSION** - named LEADS TRACKER used to **save** URL from any website, allows user to **input** their URL and at the same time allows the user to **delete** them when not in use.
- **PORTFOLIO** - contains all **information** about me as well as **projects** and **work done**.
- **TO-DO LIST** - **list of tasks** you need to complete or things that **you want to do**. They are **organized in order of priority**
- **VOICE-ASSISTANT** - named **AUGUS** , is a virtual voice assistant **that understands natural language** voice commands and **completes tasks** for the user.
- **BLACKJACK GAME** - In this , the player first **draws two cards** and then the **third new card**, therefore if the **sum** of these cards is **21 or less than 21** you got a **blackjack** else you lose the game.

Achievements

- HACKERRANK certification for clearing the assessment of JAVASCRIPT.
